

Real Estate Analyst

Synchronous or Classroom Continuing Education

The Real Estate Analyst Professional Development Program consists of the three courses below. Participants who have successfully completed the three courses and passed the examinations can opt in to have their names listed on the **Real Estate Analyst Professional Development Program Registry**.

Advanced Market Analysis
& Highest and Best Use

Quantitative Analysis

Advanced Income Capitalization

The Real Estate Analyst Professional Development Program Registry contains the names of Designated Members, Candidates, Affiliate Members, and other individuals who have completed this program. Placement on this Registry shows potential clients and employers that these individuals have obtained knowledge on this specialized topic.

Additional courses may be added to the program as relevant information develops on the topic. This ensures that you are up to date with the most current information available.

To learn more about Real Estate Analyst professional development and to find out how to opt in, **see the FAQs.**
